

Special Issue on Industrial and Organizational Psychology Call for Papers

Industrial and organizational psychology is the science of human behavior relating to work and applies psychological theories and principles to organizations and individuals in their places of work as well as the individual's work-life more generally. The research contributes to an organization's success by improving the performance, motivation, job satisfaction, and occupational safety and health as well as the overall health and well-being of its employees.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **industrial and organizational psychology**. Potential topics include, but are not limited to:

- Occupational stress and job satisfaction
- Occupational safety and health
- Organizational culture
- Workers' behavior and performance
- Big Five personality and psychometrics
- Gender differences
- Personnel psychology
- Motivation and leadership in workplace

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Industrial and Organizational Psychology**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	March 19th, 2019
Publication Date	May 2019
