

## Special Issue on Autism Research and Treatment

### Call for Papers

Autism is a developmental disorder characterized by difficulties with social interaction and communication and by restricted and repetitive behavior.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Autism Research and Treatment**. Potential topics include, but are not limited to:

- Autism spectrum disorders
- Causes and treatment
- Screening and detection
- Psychopathology
- Nursing and care
- Behaviors and emotions
- Risk factors
- Physical activity intervention
- Behavioral therapy
- Family and social support
- Relative developmental disorders

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Autism Research and Treatment**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	November 6th, 2020
Publication Date	January 2021
