

Table of Contents

Volume 14 Number 10

October 2022

Analysis and Comparison of Doping Level Effects on a Crystalline Silicon PV Cell under Both Moderate Light Concentration and Normal Illumination Modes

M. Savadogo, A. Ouedraogo, B. Soro, Z. D. Koudougou, M. Zoungrana, I. Zerbo..... 523

Review of Photovoltaic Cell Technology Development

R. H. Yang..... 541

Comparative Studies on Reflection Defect between Textured and Planar Surface Based on TCO Materials

A. Diaw, P. T. Traore, A. Dieye 550

A Comprehensive Study of Solar Energy Components by Using Various Models on Horizontal and Inclined Surfaces for Different Climate Zones

S. A. Khalil 558

Economic Dispatch Considering Hourly Capacity Allocation with a Variable Renewable and Hydro-Based Generation Portfolio

R. N. Vitorino, D. S. Ramos, K. Tapia-Ahumada, S. Paltsev, J. M. Reilly..... 594
