TABLE OF CONTENTS

Volume 2 Number 1

February 2012

Styrene Epoxidation in Aqueous over Triazine-Based Microporous Polymeric Network as a Metal-Free Catalyst

M. B. Ansari, E.-Y. Jeong, S.-E. Park.....1

Synthesis, Characterization and Application of ZS/HMS Catalyst in the Esterification of Gossypol

S. H. Dong, M. Y. Zhu, B. Dai.....8

Crystalline Manganese Carbonate a Green Catalyst for Biodiesel Production

Y. Rajeshwer Rao, P. K. Zubaidha, J. Narender Reddy, D. D. Kondhare, D. S. Sushma.....14

Clay Modification by the Use of Organic Cations

P. Singla, R. Mehta, S. N. Upadhyay.....21

Comparative Study on Methods for Preparation of Gold Nanoparticles

K. S. Merza, H. D. Al-Attabi, Z. M. Abbas, H. A. Yusr.....26

The figure on the front cover is from the article published in *Green and Sustainable Chemistry*, 2012, Vol. 2, No. 1, pp. 14-20 by Yerraguntla Rajeshwer Rao, *et al.*

Green and Sustainable Chemistry (GSC)

ISSN Print: 2160-6951 ISSN Online: 2160-696X

<http://www.scirp.org/journal/gsc>

Green and Sustainable Chemistry (GSC) covers subjects relating to reducing the environmental impact of chemicals and fuels by developing alternative and sustainable technologies that are non-toxic to living things and the environment. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of Green and Sustainable Chemistry.

Subject Coverage

This journal invites original research and review papers that address the following issues. Topics of interest include, but are not limited to:

- Biotechnology Alternatives
- Chemical Aspects of Renewable Energy
- Design of New, Greener and Safer Chemicals and Materials
- Environmentally Improved Routes and Methods
- Improved Process Engineering
- Improved Production Methods, Formulation and Delivery Systems
- Methodologies and Tools for Measuring Environmental Impact
- Sustainable Resources
- The Use of Biotechnology Alternatives to Chemistry-Based Solutions

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the GSC.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
