

## TABLE OF CONTENTS

**Volume 2      Number 2**

**June 2012**

**On the Predictive Ability of Geomagnetic Disturbances from Solar Wind Measurements  
at Separated Solar Longitude**

W. Miyake, T. Nagatsuma.....63

**A Short Note on Alternative Strong Force**

M. C. Das, R. Misra.....74

**Simultaneous Gravitational and Refractive Lensing**

W. T. Chyla.....76

**Accretion and Current Discs Controlled by Strong Magnetic Field**

E. Belenkaya, M. Khodachenko.....81

**Fundamental Way of Charge Formation and Relation between Gravitational Field  
and Electromagnetic Field**

M. C. Das, R. Misra.....97

**Quantum Cosmology Explains the General Galaxy-Black Hole Correlation**

P. K. Suh.....101

---

The figure on the front cover is from the article published in *International Journal of Astronomy and Astrophysics*, 2012, Vol. 2, No. 2, pp. 101-112 by Paul K. Suh.
