

Table of Contents

Volume 10 Number 12

December 2022

A Fast Algorithm for Training Large Scale Support Vector Machines

M. K. Aregbesola, I. Griva.....1

Mango Diseases Classification Solutions Using Machine Learning or Deep Learning: A Review

D. Faye, I. Diop, D. Dione.....16

Stock Price Forecasting with Artificial Neural Networks Long Short-Term Memory: A Bibliometric Analysis and Systematic Literature Review

C. O. Fantin, E. Hadad.....29

Challenges of Privacy in Cloud Computing

F. K. Aljwari.....51

Fully Connected Convolutional Neural Network in PCB Soldering Point Inspection

B. W. Cai.....62

Supply Chain Demand Forecast Based on SSA-XGBoost Model

S. F. Ni, Y. Peng, K. Peng, Z. J. Liu.....71

A Visual Analysis and Prediction System for Infectious Diseases Based on Improved SIR Model

Y. Qiu, Y. D. Wu, Q. B. Wang, W. H. Zhang.....84

Adaptive Metric Learning for Dimensionality Reduction

L. H. Chen, P. W. Wei, Z. Z. Long, Y. F. Yu.....95

Evolution and Trend of Deep Learning in Agriculture: A Bibliometric Approach

K. S. N'goye, H. Soude, Y. L. E. Loko.....113

Comparing Machine Learning Algorithms for Improving the Maintenance of LTE Networks Based on Alarms Analysis

B. Bernabe, D. D. E. Michel, C. A. Marie, M. T. S. Fabrice.....125
