Volume 11 Number 7

July 2023

Clustering Countries on COVID-19 Data among Different Waves Using K-Means Clustering Muhtasim, Md. A. Masud.....	1
Human Activity Recognition Based on Frequency-Modulated Continuous Wave and DenseNet W. S. Jiang, Y. Q. Ma, W. C. Zhuang, Z. Q. Wu, Y. M. Hua, M. Li, Z. J. Wang.....	15
Simulation Design of Baseband Optimal Digital Communication System with Non-Ideal Channel T. Y. Zhang	29
Linking Competitors' Knowledge and Developing Innovative Products Using Data Mining Techniques N. Saesi, M. Taleghani.....	37
Identification of Influential Users in Online Social Network: A Brief Overview M. Ferdous, M. M. Anwar	58
Indicator Selection for Quality Measurement in Maternal Neonatal and Child Health Services: Application of Random Forest Classifier S. Nyanjara, D. Machuve, P. Nykanen	74
Multi-Strategy-Driven Salp Swarm Algorithm for Global Optimization Z. W. Gao, B. Wang	88
A Blockchain-Based Framework for Smart Tourism C. He, C. J. Hua	118
Enhancing Feature Discretization in Alarm and Fire Detection Systems Using Probabilistic Inference Models J. Essien.....	140
Online 3D Packing Problem Based on Bi-Value Guidance M. K. Qi, L. Y. Zhang.....	156
Research Progress and Trends in Technology Affordances Research: A Knowledge Graph Analysis Based on CiteSpace C. Lu, S. L. Gao	174

**Research on Weighted Directed Dynamic Multiplexing Network of World Grain Trade
Based on Improved MLP Framework**

S. Y. Zhu, S. C. Gong..... 191

Application of Dual-Energy X-Ray Image Detection of Dangerous Goods Based on YOLOv7

B. S. Liu, F. Wang, M. Gao, L. Zhao 208
