## Special Issue on Information and Communication Technologies (ICT) and Applications

### Call for Papers

Information and Communication Technologies (ICT) and Applications focus on the design, development, and use of digital technologies to process, store and communicate information. The field covers areas such as networking, software systems, data management, cloud computing and mobile technologies, as well as their practical applications across sectors like education, healthcare, business and government to enhance efficiency, connectivity and innovation.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Information and Communication Technologies (ICT) and Applications**. Potential topics include, but are not limited to:

- Information systems and management
- Computer networks and communication systems
- Cybersecurity and information assurance
- Human-computer interaction
- Cloud computing and distributed systems
- Data science and big data analytics
- Artificial intelligence and machine learning applications
- Internet of things (IoT)
- Data science, big data analytics and visualization
- AI and machine learning applications
- Cloud, edge and fog computing
- Multimedia systems and virtual reality
- Mobile technology and applications
- Intelligent management system
- Software engineering and applications development
- ICT for development and smart applications
- Computational social science
- E-government and digital services
- ICT in education
- Health informatics
- Data analytics and business intelligence

---

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Information and Communication Technologies (ICT) and Applications**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	July 9th, 2026
Publication Date	September 2026

**Guest Editor: Dr. Malek Almobarek (AlMaarefa University, Saudi Arabia)**
