Volume 15 Number 5

October 2023

Assessment of the Retail Food Environment Using Integrated GIS and Modified Measures in Wuhan, China

Y. T. Liu, G. P. Chen.....421

Implementation of a 3D WebGIS for Dynamic Geo-Referencing of 3D Tiles on the Virtual Globe

K. Woo, A. Onsen, W. Kim.....440

Spatiotemporal Analysis of COVID-19 Lockdown Impact on the Land Surface Temperatures of Different Land Cover Types in Louisiana

P. M. Loh, Y. A. Twumasi, Z. H. Ning, M. Anokye, D. B. Frimpong, J. Oppong, A. B. Asare-Ansah,
R. N. D. Armah, C. Y. Apraku.....458

Visualization of Landscape Changes in a 3D Environment Using the Storytelling Approach—The Example of the City of Pristina

F. Sadiku.....482

Visualization of Vector Tiles on CesiumJS Virtual Globe

K. Kuk, W. Kyongil, Y. Cholnam, K. Wonsok.....515

Leveraging Geospatial Technology for Smallholder Farmer Credit Scoring

S. A. Okeyo, G. C. Mulaku, C. M. Mwangi.....524

A Spatial Epidemiology Case Study of Coronavirus (COVID-19) Disease and Geospatial Technologies

M. K. Heenkenda.....540

Tornado Impacts in the US from 1950-2015: A GIS-Based Analysis of Vulnerability and Evolving Risk Zones for Human Casualties

S. N. Hwang, K. Meier.....563

Flood Vulnerability Mapping: A Case Study of Okoko Basin, Osogbo

T. B. Adedjoja, O. S. Popoola, T. A. Alaga, A. E. Akindejoye-Adesioye.....580
