

Special Issue on Digital Technologies and Applications

Call for Papers

Digital Technologies and Applications studies the development and use of digital systems, tools and platforms to process information, enable communication and support innovation across industries. It includes technologies such as artificial intelligence, cloud computing, the Internet of Things and mobile systems. The field focuses on how these technologies are designed, implemented and applied to improve efficiency, productivity and user experience in areas such as business, education, healthcare and public services.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Digital Technologies and Applications**. Potential topics include, but are not limited to:

- Artificial intelligence and machine learning
- Digital information system
- Digital communication networks
- Virtual reality (VR) and augmented reality (AR)
- Internet of Things (IoT) and cyber-physical systems
- Blockchain and distributed ledger technologies
- Cloud, edge and quantum computing
- Mobile computing and applications
- Cybersecurity and digital privacy
- Human-computer interaction (HCI)
- Data Science, big data analytics, and visualization
- Digital platforms and ecosystem strategy
- Digital communication and networking technologies
- Digital transformation and innovation
- Robotics and automation
- Digital health and telemedicine
- E-commerce and business intelligence
- Smart cities and urban planning
- Social media and social networks

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – *Digital Technologies and Applications***” should be chosen during your submission.

According to the following timetable:

Submission Deadline	July 29th, 2026
Publication Date	September 2026

For publishing inquiries, please feel free to contact the Editorial Assistant at submission.entrance1@scirp.org
