

Special Issue on Water Resources Management

Call for Papers

Water resources are natural resources of water that are useful or potentially useful to humans. They may come from groundwater, rivers, lakes and reservoirs and could be applied to various fields including agriculture, industry, household, recreation and environment.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Water Resources Management**. Potential topics include, but are not limited to:

- Sea water and desalination
- Artificial reservoirs
- Watershed management
- Agricultural water management
- Hydroelectric power
- Water scarcity

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Water Resources Management**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	April 7th, 2020
Publication Date	June 2020
