

Special Issue on Finance and Investment

Call for Papers

Finance and Investment studies how individuals, institutions and markets allocate and manage financial resources to achieve returns and manage risk. It covers investment analysis, asset valuation, portfolio management and financial markets. The field also examines capital allocation, risk assessment and strategic decision-making, aiming to optimize investment performance and support economic growth in both corporate and personal finance contexts.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Finance and Investment**. Potential topics include, but are not limited to

- Corporate finance and governance
- Investment analysis and portfolio management
- Financial markets and institutions
- Behavioral finance
- Empirical finance
- Asset pricing and valuation
- Financial econometrics
- Quantitative finance and investment strategies
- Financial modeling and forecasting
- Equity and fixed income analysis
- Derivatives and financial engineering
- International finance and investment
- Alternative investments
- Public finance
- Risk management
- Capital markets
- Security investment analysis
- Investments in emerging market
- Financial planning and decisions
- Banking and financial institutions
- Sustainable and ESG Investing
- Financial technology

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Finance and Investment**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	July 22nd, 2026
Publication Date	September 2026
