

Special Issue on Child Nutrition

Call for Papers

Good nutrition is essential for survival, physical growth, mental development, performance, productivity, health and well-being across the entire life-span: from the earliest stages of fetal development, at birth, and through infancy, childhood, adolescence and on into adulthood.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **child nutrition**. Potential topics include, but are not limited to:

- Infant and young child feeding
- Breastfeeding and child growth
- Early child development
- Nutrition standards
- Nutrition education
- Food safety
- Nutritional disease
- Malnutrition

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Child Nutrition**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	July 12th, 2018
Publication Date	September 2018
