Open Journal of Preventive Medicine (OJPM) is an international journal dedicated to the latest advancements in Preventive Medicine. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of Preventive Medicine. All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- Behavior and Behavioral Changes
- Environmental Health
- Health Education
- Health Services Research
- Individual and Population Disease Risk Factor Screening
- Nutrition and Physical Activity
- Prevention of Infectious Disease
- Prevention of Injury and Violence
- Primary and Secondary Prevention of Chronic and Acute Disease
- Promotion of Individual and Community Health
- Public Health Planning
- Smoking, Alcohol and Other Substance Abuse
- Women's Health

We are also interested in: 1) Short Reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book Reviews—Comments and critiques.
