

## Special Issue on Clinical Pharmacy and Dispensing

### Call for Papers

**Clinical Pharmacy** is a branch of pharmacy which deals with the patient care and medication and promotes health, wellness and disease inhibition. Clinical Pharmacy consist of all the services accomplished by pharmacists practicing in hospitals, community pharmacies, nursing homes, home-based care services, clinics and any other setting wherever medicines are prescribed and used.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **clinical pharmacy and dispensing**. Potential topics include, but are not limited to:

- General clinical pharmacology
- Pharmacists role in patient safety
- Clinical pharmacy and its key role in treatment
- Dispensing pharmacy and research chemists
- Pharmacy and medicinal chemistry
- Clinical pharmacy: activities and prescriptions
- Clinical pharmacy and drug reactions
- Advanced drug delivery research
- Clinical drug development and therapeutics
- Fluid dispensing

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Clinical Pharmacy and Dispensing**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	April 20th, 2016
Publication Date	June 2016
