

Special Issue on Supply and Demand

Call for Papers

Supply and Demand is a model for understanding the determination of the price of quantity of a good sold on the market. The explanation works by looking at two different groups – buyers and sellers – and asking how they interact.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **supply and demand**. Potential topics include, but are not limited to:

- Competition and market structures
- The concept of demand
- The concept of supply
- The demand curve
- The supply curve
- Price controls, price ceilings, and price floors
- Elasticity of demand
- Market equilibrium

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Supply and Demand**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	November 18th, 2016
Publication Date	December 2016
