## Special Issue on Economic Model

### Call for Papers

In economics, a model is a theoretical construct representing economic processes by a set of variables and a set of logical and/or quantitative relationships.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Economic Model**. Potential topics include, but are not limited to:

- Economic activities and prediction
- Trade, investment and forecasting
- Economic behaviors and analysis
- Economic policies and decision-making
- Planning and resources allocation
- Portfolio optimization
- Market and model analysis
- Empirical models
- Stochastic models and qualitative models

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – *Economic Model***” should be chosen during your submission.

According to the following timetable:

Submission Deadline	February 10th, 2020
Publication Date	April 2020

For publishing inquiries, please feel free to contact the Editorial Assistant at [submission.entrance1@scirp.org](mailto:submission.entrance1@scirp.org)
