Volume 6 Number 10

October 2016

Dynamic Design of Thick Orthotropic Cantilever Plates with Consideration of Bimoments	
M. K. Usarov.....	341
Detailed Mechanism and Engineering Applicability of Electrolytic Polymerization Aided by a Magnetic Field in Natural Rubber by Mechanical Approach for Sensing (Part 1): The Effect of Experimental Conditions on Electrolytic Polymerization	
K. Shimada, N. Saga.....	357
Detailed Mechanism and Engineering Applicability of Electrolytic Polymerization Aided by a Magnetic Field in Natural Rubber by Mechanical Approach for Sensing (Part 2): Other and Intrinsic Effects on MCF Rubber Property	
K. Shimada, N. Saga.....	379
The Use of Genetic Approach to the Kinematics of Cutting	
N. W. Musa.....	396
Hydrodynamic Analogy to Special Relativity	
X.-N. Chen.....	406
